Chittedath House Mananthavady, Wayanad

CAREER SUMMARY

Skilled Software Developer with expertise in Python, Django, HTML, CSS, Bootstrap, MySQL, and PostgreSQL. Experienced in building and deploying full-stack web applications, including supermarket management and QR-based solutions. Completed a Python Django Full Stack Developer internship and currently working as a Junior Developer at IMC Business Solutions. Passionate about creating efficient, user-friendly solutions and contributing to impactful projects.

WORK EXPERIENCE

PYTHON DJANGO DEVELOPER | IMC BUSINESS SOLUTIONS (09/2024 – Present)

- Developed and maintained full-stack web applications using Python and Django.
- Designed and implemented database solutions with MySQL and PostgreSQL.
- Built responsive, user-friendly front-end interfaces using HTML, CSS, and Bootstrap.
- Collaborated with cross-functional teams to deliver projects, including a supermarket management system and QR-based restaurant solutions.
- Optimized code performance and ensured system scalability and security.
- Managed project deployments on AWS and other hosting platforms.

PYTHON DJANGO DEVELOPER | ONE TEAM SOLUTIONS (02/2024 – 07/2024)

- Learned full-stack development practices, database management, and responsive web design.
- Gained hands-on experience in Python, Django, HTML, CSS, Bootstrap, JavaScript, and MySQL.
- Successfully developed and deployed two major projects: a Hospital Management System and a web application hosted on PythonAnywhere.
- Integrated external APIs and implemented custom features to meet diverse project requirements.

EDUCATION

- Bachelor of Arts in English and Literature (IGNOU University)
  2021 – 2024
  Mananthavady, Wayanad
- Full Stack Development Intership (One Team Solutions)
  02/2024 – 07/2024
  Calicut
